Form 4 has exams now. Their results will be published in the next newsletter.

Education of adults

Kevin (on the photo with his wife Irene) has passed his exams for industrial management. Marvellous! We all congratulate him and wish him well.

Laptops

Thanks to the sponsors who helped us. Now 3 students are able to study properly.

Schoolfee

We kindly ask our sponsors who donate yearly, to **transfer the money before December 15th to us**, because Agai secondary wants to receive the fees from us before January 1st 2020.

Thanks for understanding.

Motorambulance

Because we received an extra gift from a sponsor, we were able to buy this motor. As soon as we have a highpressure cleaner we can actually start. This will be a blessing for pregnant women and patients who live in difficult reachable places.

We thank all our sponsors for their support in the past year and we wish you all a merry Christmas and a happy and healthy 2020.
