

**Nr. 53 August 2020**

This time a short newsletter to inform you about the latest developments.

**Students**

Until now all our students are still healthy and they keep to the corona-rules.

Because we gave them food parcels their situation didn't become worse. We are very glad about that. Until the schools are opening again, we'll use the money for the school for food parcels.

Students 2018

Because in Kenya there are many people hit by Corona, the government has decided that the secondary schools are closed till January 2021. So the year 2020 is lost for our students.

It means that all our students have to study a year longer in secondary school. We, the sponsors, should support them a year longer.

We hope that you all can understand this and that you'll keep supporting us to give them a better change for a good future.

**Books for Kenya.**

Hilde, Aaldert and Andre are selling second hand books by internet bol.com and boekwinkeltjes.nl and the money they get they donate to our Foundation.

This will help us to be able to send another girl or boy to Agai secondary school. They do this because they love books and they want to give the books a second life. Also it is good for our environment and they like what Oke Foundation is doing.

Do you want to donate books to our Foundation? That is possible! Contact us by mail: [info@stichting-oke.nl](mailto:info@stichting-oke.nl)

It can give you an idea to clear out your bookcase and get rid of the books you don't want anymore. If the books are in a good condition, they sell easily. Old books can be of interest too, but old studybooks, books with pictures of nature, cookbooks and old novels don't sell.

If we have books that don't sell by internet, they go to the village where Andre lives and he will sell them on the yearly bookmarket for the restoration of the old church. So give your books to OKE Foundation. They are used for a good purpose.

**We wish you all a good health and we hope that you will be able to still keep supporting us in this difficult time.**

**We thank you in advance!**
